## Potential Recruiters

# MBA Finance Specialization

The provided document does not use the exact name “Finance Specialization”. However, it outlines a finance program with a curriculum that includes an “AI & ML in Investment Analysis” module and covers content for various NISM certifications. This suggests a Finance Specialization with a strong emphasis on modern analytical and technological skills relevant to the financial industry.

## Why to Choose this Finance Specialization:

Choosing this specialization can offer several advantages:

- The modules cover content for NISM certifications, which are considered as license for getting in to related job profiles with good written and spoken communication.
- Industry Experts Will Cover Application / Operation and cases Studies in related area, providing practical insights and real-world understanding.
- The curriculum includes a dedicated “AI & ML in Investment Analysis” module, indicating a focus on cutting-edge skills in the finance domain.

## Skills Included:

Graduates of this program will gain a range of skills, including:

- Advanced Excel Skills (Advanced Functions, Advanced Pivot Tables, Data Analysis Tools)

- Financial Modeling (Historical Data Modeling, WACC, Valuation)
- Investment Analysis (Technical Analysis, Portfolio Management, Risk & Performance Measurement)
- Financial Markets & Instruments Knowledge (Capital Market, Fixed Income Instruments, Mutual Funds)
- Fundamental Analysis & Equity Research Skills (Economic Analysis, Industry Analysis, Quantitative Analysis, Qualitative Parameters)
- Financial Advisory & Investment Planning Skills (Wealth Management, Investment Strategies & Asset Allocation, Regulatory & Ethics)
- Derivatives & Option Strategies ( Financial derivatives, Forward, Future, Option & Swap, Option Strategies )
- Industry Analysis Skills (Growth Drivers, Technology, Consumer Trends, Competition)
- Python for Finance (Financial Data Analysis & Visualization, Quantitative Finance & Algorithmic Trading)
- Valuation Techniques (Earning Based Valuation, Asset Based Valuation, DCF (Discounted Cash Flow) & Others)
- Investment Banking Operations Knowledge (IB Services, Trade-life Cycle, Corporate Actions)
- AI & ML in Investment Analysis (Data Processing, Machine Learning Models for Investment)

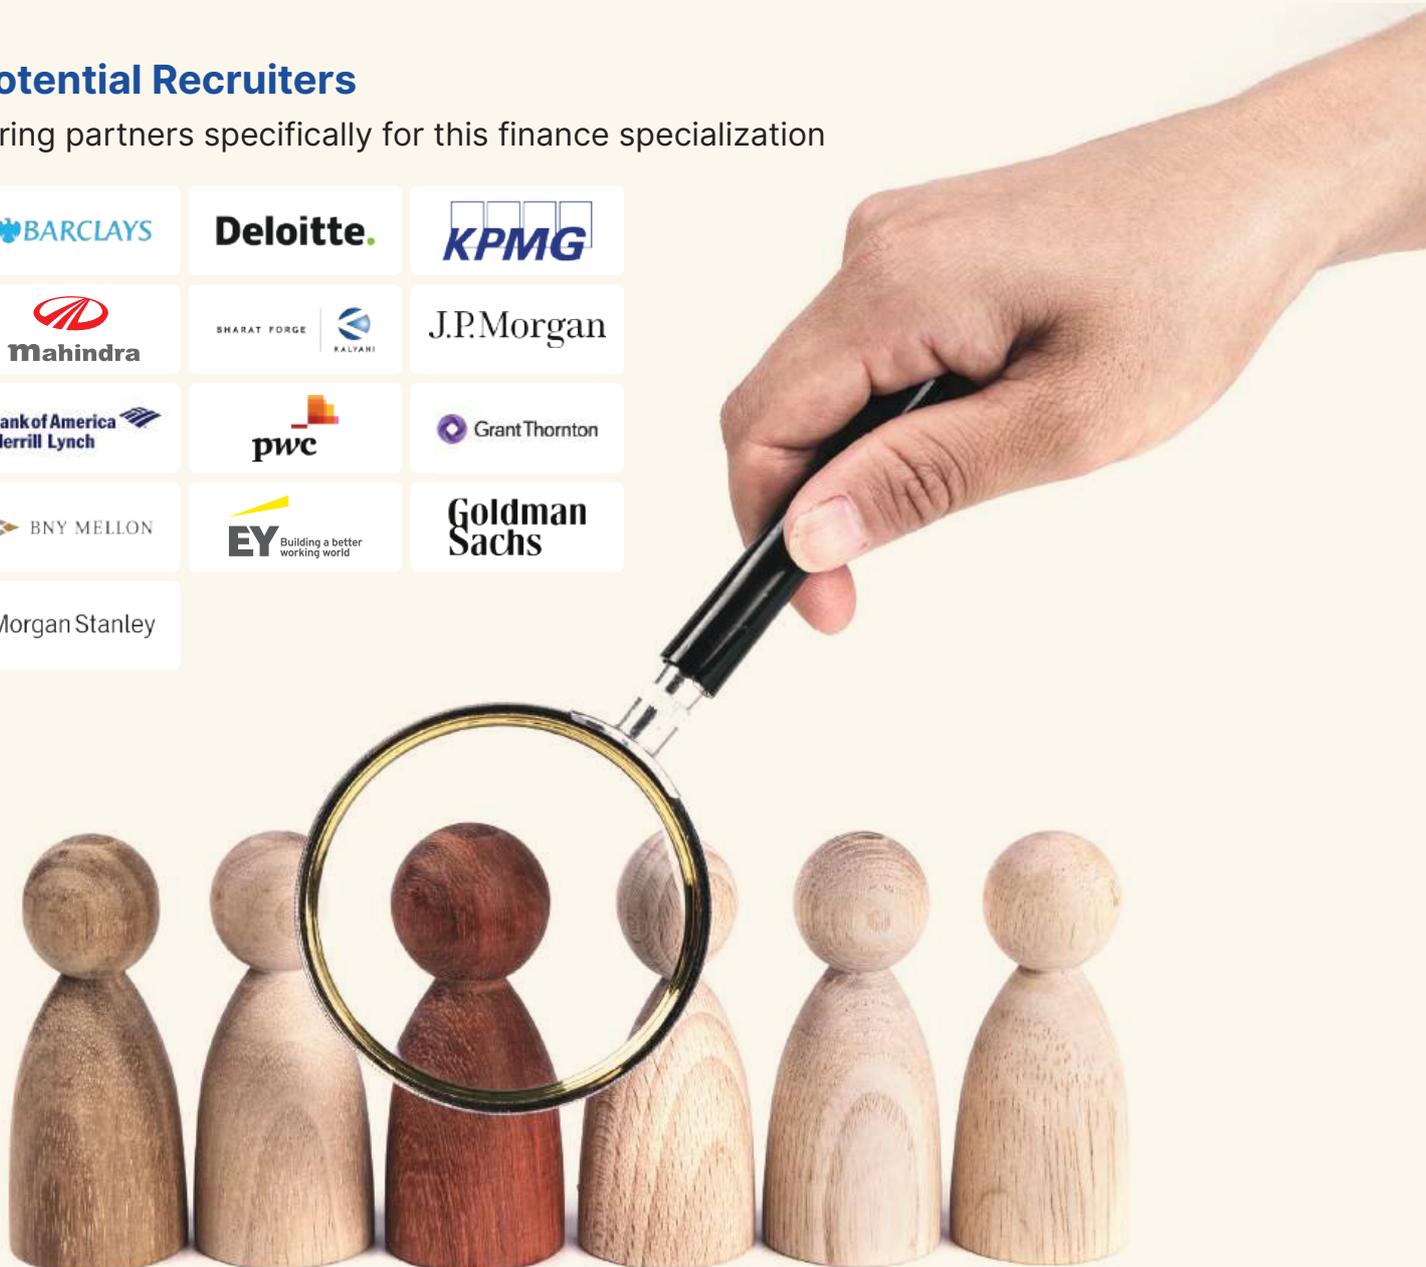

## Job Roles:

The “Targeted Job Profiles” for graduates of this program include:

- Investment Banking
- Corporate Finance
- Private Equity
- Asset Management
- Risk Management
- Equity Research
- Equity advisor
- Credit Analysis
- Portfolio Management
- Financial Planning & Analysis

## Potential Recruiters

Hiring partners specifically for this finance specialization

# Student-Driven Clubs at ASBM Pune

## Where Learning Meets Leadership

At ASBM, we understand that holistic management education extends beyond textbooks and classrooms. Our vibrant student clubs are at the heart of this belief providing hands-on experiences, fostering leadership, and building essential career skills. Among the most active and impactful are the Marketing Club, Finance Club, and HR Club, each offering specialized platforms for students to explore, engage, and excel in their areas of interest.

## Marketing Club – Shaping Strategic Thinkers

The Marketing Club is a hub for students who aspire to become brand strategists, digital marketers, or market research professionals. It promotes creativity, analytical thinking, and innovation through a variety of activities such as case study competitions, advertising simulations, brand analysis projects, and workshops on emerging marketing trends. Guest lectures by industry experts, live projects, and social media campaigns help students gain exposure to real-world marketing dynamics. The club's activities are designed to bridge the gap between academic theories and practical marketing applications.

By connecting students with professionals from leading companies in FMCG, retail, tech, and advertising, the Marketing Club enhances corporate interaction and builds

meaningful industry networks. These engagements often lead to mentorship, internship offers, and valuable insights into the evolving landscape of modern marketing.

## Finance Club – Nurturing Financial Experts

The Finance Club serves as a platform for students keen on pursuing careers in investment banking, corporate finance, financial consulting, or fintech. It conducts mock stock trading sessions, budgeting and valuation challenges, financial modelling workshops, and panel discussions with finance leaders. These activities deepen students' understanding of financial principles while encouraging analytical thinking and strategic decision-making.

The club maintains strong ties with financial institutions, investment firms, and alumni working across various sectors, thereby creating rich opportunities for corporate connect. Regular interactions with industry practitioners enable students to stay current with market trends and technologies and also help build a strong foundation for successful placements in finance roles.

# Internship & Placement Opportunity

## Internship Program at ASBM Pune

At ASBM Pune, we emphasize that learning extends beyond the classroom. Our Internship Program is a vital part of the Master of Business Administration (MBA) experience, preparing students for the dynamic corporate landscape. Through practical industry exposure, students build a robust professional foundation and gain the confidence to excel.

## Purpose and Importance

**Internships are essential for professional success and offer students the chance to:**

- Apply classroom concepts in real-world settings.
- Develop critical thinking, leadership, and problem-solving skills.
- Build a professional network.
- Understand organizational cultures and expectations.
- Clarify career interests.

## Specialized Internship Opportunities

Students can specialize in key areas and pursue relevant internships:

- **Marketing Management:** Market research, digital marketing, brand strategy, and customer insights.

- **Financial Management:** Financial planning, investment analysis, auditing, and risk management.
- **Business Analytics & AI:** Data-driven projects focusing on analytics and AI applications.

## Career Advancement

Many students convert internships into Pre-Placement Offers (PPOs), highlighting the caliber of talent at ASBM Pune. Our Placement Cell supports students in finding internships that align with their career goals and prepares them for final placements.

# Industry-Oriented Certifications

## Enhancing Domain Expertise - Delivered by Industry Experts

As part of the MBA program, students can earn industry-relevant certifications that align directly with their specialization. These certifications are powered by top learning partners and focus on practical, real-world skills to boost career readiness.

Each certification is structured to deliver focused, application-based learning, equipping students with a competitive edge from day one.

### Marketing Specialization – Certifications in Collaboration with Marcos Learning

- Digital Marketing
- Customer Retention and Engagement
- Content Marketing
- B2B Marketing
- Negotiation Framework
- Canva + AI
- Excel for Sales and Marketing
- ChatGPT + AI Tools
- Power BI
- Cold Calling + Sales Playbook
- Project & Brand Management

### Finance Specialization – Certifications in Collaboration with FinPro Education

The modules in the curriculum will cover content for the following NISM certifications:

- NISM V (A) – Mutual Fund Advisory
- NISM VIII - Equity Derivatives
- NISM X (A) – Investment Advisor (Level 1)
- NISM X (B) - Investment Advisor (Level 2)
- NISM XV - Research Analyst

# Coffee with Corporates: Bridging the Gap between Industry and Academia

At ASBM Pune, we believe in fostering a culture of industry-academia collaboration. Our monthly program, “Coffee with Corporates,” provides a unique platform for students to interact with seasoned corporate executives and gain valuable insights into the world of business.

## What is Coffee with Corporates?

“Coffee with Corporates” is an exclusive initiative where prominent corporate executives visit our campus to share their experiences, successes, and challenges with our students. These informal sessions are designed to encourage open discussions, Q&A and networking opportunities.

## What do students gain from this program?

- **Industry Insights:** Students gain a deeper understanding of the latest industry trends, challenges, and best practices.
- **Networking Opportunities:** Students get to interact with corporate leaders, building valuable connections and networks.
- **Career Guidance:** Students receive practical advice on career paths, resume building, and interview preparation.
- **Real-world Learning:** Theoretical concepts come alive as students learn from real-world examples and case studies.

## Why is Coffee with Corporates important?

- **Bridging the Gap:** The program bridges the gap between academia and industry, ensuring students are industry-ready.
- **Practical Knowledge:** Students gain practical knowledge and skills, making them more employable.
- **Inspiration:** Interactions with corporate leaders inspire and motivate students to pursue their career goals.

## Our Corporate Partners

We are grateful to our esteemed corporate partners who have shared their expertise with our students through this program. Their contributions have enriched our students’ learning experience and prepared them for the challenges of the corporate world.

# Life at Campus

# Admission Process
